The terms and conditions are important and affect your rights as a member of the Rotor Rewards Program. You must read these before enrolling for the Rotor Rewards Program. Some of the clauses may be related to other clauses, and therefore we recommend that no clause be read in isolation. Signing up for the Rotor Rewards Program is an acceptance of these terms and conditions.

These terms and conditions do not change any other Standard Conditions of Sales of Airbus Helicopters Canada that may be in effect.

2 – MEMBERSHIP AGREEMENT

These terms and conditions set out the contractual relationship between Airbus Helicopters Canada and members of the Rotor Rewards Program. Enrolment into the Rotor Rewards Program is acceptance of these terms and conditions by the member.

3 – MEMBERSHIP

Membership to the Rotor Rewards Program is open to all Canadian owners and operators of Airbus Helicopters products except Government Entities, Law Enforcement Agencies, Emergency Medical Services foundations, third-party Maintenance Centres, employees of Airbus Helicopters Canada and/or Airbus Helicopters SAS and its affiliates and subsidiaries. Also, any company or individual signing up for the Rotor Rewards Program must have an active account with Airbus Helicopters Canada. For those who do not have an active account, they would be required to sign an Account Opening Agreement before enrolling for this Program.

All members are required to provide one or more authorized signatory for their respective accounts at the time of enrolment. The applicable benefits from the Program would automatically be accrued to the respective account of the member, however, changes such as redemption of reward points can be made by the authorized signatory only.

4 – ENROLMENT

Eligible customers can enrol for this Program by filling out the Rotor Rewards Program enrolment form which is available by request made through an Airbus Helicopters Canada representative or can be downloaded through our website: www.airbushelicopters.ca

Membership to the Rotor Rewards Program is not confirmed until it is accepted and processed by Airbus Helicopters Canada. Once this is done, the members will receive the Program information package.

5 – ACCOUNT INFORMATION UPDATES

It is the responsibility of Rotor Rewards Program members to keep all their account information up to date. The Program requires members to provide updates on contact information, fleet and any other details requested pertaining to Airbus Helicopters products and services and their applicable usage.

Airbus Helicopters Canada may request such updates at least once a year and expects all members to comply by providing these updates accurately and as per the timelines outlined. This information is critical to Airbus Helicopters Canada's ability to continuously improve and enhance this Rotor Rewards Program.

Failure to comply with information updates could result in termination from the Program and its related or acquired benefits for a given member.

6 – MEMBERSHIP STATUS & TIER EVALUATION

The Program consists of four tiers; Blue, Silver, Gold and Platinum and associated benefits.

Blue tier is the first level and Platinum is the highest level. New Airbus Helicopters customers with no purchase history will enter the Program at the Blue tier. Entitlement to a particular tier is valid for one calendar year and depends on the qualification criteria based on the last two year's average purchase of spares and other services for a given member. However the purchase of aircraft is excluded from this criterion. Average purchases are calculated on the total amount net of any other discounts, reimbursements or taxes that might be applicable.

For new aircraft deliveries in the previous two years, Members will be entitled for one year Gold tier status & benefits for the next Calendar year as long as the new aircraft was registered in Canada for a minimum of one year after delivery date.

Tier allocation for all members will be reviewed at the end of each calendar year, based on purchase levels for spares and other services. Members will be notified at the beginning of the next calendar year of their new applicable tier for that year.

7-2 GENERAL BENEFITS

General benefits are those which are common and available to all members of the Rotor Rewards Program regardless of their tier. However, as set out below, members may have to qualify for these benefits or meet certain pre-conditions. List of these benefits include:

7-2-1 REWARD POINTS

All members are eligible to earn reward points on the purchase of services from Airbus Helicopters Canada that may include but not be limited to Repair and Overhaul, Training, use of Service Centre, Technical Publications and Airbus Helicopters Canada developed options. However, the purchase of aircraft and spares are excluded and members would not get any reward points for the same. Also, reward points will not be awarded to members for those services on which they may have valid customized contracts. Airbus Helicopters Canada reserves the right to not award reward points for Customers who do not respect the Standard Conditions of Sale.

7-2-1-1 Calculation for Reward Points

As a general rule, members are eligible for **3 reward points for every US\$ 100** worth of services bought from Airbus Helicopters Canada. These reward points are calculated on the amount net of any other discounts, reimbursements or taxes that might be applicable. Also, reward points are awarded once the final payment has been received for a given invoice as per the applicable payment terms.

Reward points are issued on a quarterly basis as a multiple of US\$100 and any amount less than that will not be used for point calculations.

A quarterly statement of account will be issued to all members through which they can track reward points earned for all services purchased. Members are advised to notify Airbus Helicopters Canada of any anomalies observed in the statement of account within 30 days of its issuance, which would then be reviewed and corrective action taken where necessary. It may be required to submit the supporting documents for resolution of such issues.

7-2-1-2 Redemption of Reward Points

Members can **redeem reward points for any future purchase of spares and/or services** from Airbus Helicopters Canada.

For redemption of reward points, every **1 point will be worth the equivalent of US\$ 1.00** at the currency rate on the date of redemption.

To redeem reward points, members would have to notify Airbus Helicopters Canada service representative or Finance department.

7-2-1-3 Validity of Reward Points

Reward points earned do not expire unless specified differently in the statement of account that all members would receive on a periodic basis. All reward points can be redeemed by members at their own convenience. However, Airbus Helicopters Canada may offer certain time limited promotions that require use of reward points and it could be in the interest of members to utilize these reward points to draw maximum value out of the Program.

7-2-2 BONUS DISCOUNT ON SPARES

Only Rotor Rewards members are eligible for a bonus discount of **two percent (2%) on future purchases of spares** if in the previous two years the **average of services bought** (which includes Repair and Overhaul, Training, use of Service Centre, Airbus Helicopters Canada developed options and Technical Publications and excludes spares and aircraft sales) **was 30% or higher of the total spares and services purchased (excluding aircraft sales) with a minimum threshold of US\$ 5000 in services.**
