Change your life – Join our team!

We're looking for a highly talented COMPOSITE LAY-UP TECHNICIAN, so if you or someone you know is qualified then we want to hear from you!

Reporting to the Supervisor, Composite Lay-Up, the Composite Lay-Up Technician is responsible for the layup of pre-impregnated material into defined tools/moulds. Utilizing various methods, the technician will ensure that all call outs and specs have been applied in accordance with manufacturing instruction documents (MID). The final products are parts such as horizontal stabilizers, end plates, boarding steps, hub caps and engine cowlings.

If your track record shows you can ...

- Fabricate parts by using standardized work instructions and work orders as guides.
- Work pre-set materials such as pre-impregnated fiberglass, carbon, M18, and Cycom into specific moulds with the continuous aid of small hand tools
- Measure materials using basic metric measuring equipment
- Prepare parts for autoclave process through bagging process
- Debag parts after baking in autoclave

And if you have...

- Proven ability to work collaboratively in a team environment
- Excellent interpersonal skills, utilizing effective oral and written communication, with timely follow-up
- Demonstrated accuracy and attention to detail
- Working knowledge of reading blue prints
- Exceptional manual dexterity

With the additional assets of...

- Previous manufacturing experience
- Experience using small hand tools
- Experience in cross functional work environment

... then we want to hear from you!

To apply for this position, please send an up-to-date resume and cover letter stating your salary requirements to HR@eurocopter.ca

About us...

Established in 1992, the Eurocopter Group is a Division of EADS, a world leader in aerospace, defense and related services. With approximately 20,000 employees in 30 subsidiaries on five continents, customers can rely on Eurocopter to ensure all activities of support, service and training are provided with best in class service.

Eurocopter products account for 33 percent of the total world helicopter fleet, a success based on its comprehensive range of civil and military helicopters.

In 2011, Eurocopter confirmed its position as the world's number one helicopter manufacturer with a turnover of 5.4 billion Euros, orders for 457 new helicopters and a 43 percent market share in the civil and parapublic sectors.

Eurocopter Canada Limited offers personal development for our employees with an active career, responsibility, and opportunity for international mobility.
