

***We're looking for an Industrial Mechanic  
Position Location: Fort Erie, ON***

Airbus Helicopters is part of Airbus Group, a global leader in aeronautics, space and related services. Airbus Helicopters is the world's leading helicopter manufacturer offering the most comprehensive range of civil and military helicopters in the world. Employing approximately 23,000 people worldwide, the company's fleet in service includes 12,000 helicopters operated by more than 3,000 customers in approximately 150 countries.

**JOB SUMMARY**

We are looking for an energetic licenced Industrial Mechanic and/or licenced Electrician to join our team. The ideal candidate will have extensive experience in facility and maintenance repair with a continuous improvement mindset to repair and maintain machinery and systems in a safe and efficient manner. The elimination of equipment breakdowns is key to this role. The Industrial Mechanic will be an active member of the Facilities Maintenance team.

**MAIN RESPONSIBILITIES**

**Ensure the facility is clean, safe and operating efficiently by:**

- Performing preventative maintenance and troubleshooting industrial machinery (electrical, pneumatics, vacuum pumps)
- Maintaining Building: electrical/fabricating/welding, monitor heating and cooling systems and adjusting when necessary
- Co-ordinating with production to ensure work complies with necessary manufacturing codes, regulations and standards (H&S, WHMIS, and MSDS etc.)
- Reading and understanding technical bulletins, manuals, and blueprints
- Facility ground maintenance year round
- General facility maintenance as required

**EDUCATION & JOB REQUIREMENTS**

- Licenced Ontario Industrial Mechanic (millwright) and/or Licenced Electrician
- Welding qualified
- Valid driver's licence
- Minimum 4 years work experience in facility maintenance in a manufacturing environment, preferably industrial manufacturing

## EDUCATION & JOB REQUIREMENTS CONT'D

- Proven experience with processing equipment and PLC's would be an asset
- Strong preventative maintenance and troubleshooting abilities
- Forklift and overhead crane experience
- Ability to multi-task
- Good communication skills (written and verbal)
- Good computer skills, experience using Microsoft Office
- Ability to work independently and in a team environment
- Willing to upgrade skills to deal with new technology

## POSITION REQUIREMENTS

The Industrial Mechanic job responsibilities and tasks are performed both indoors and outdoors. The incumbent may be exposed to various environmental conditions such as uncomfortable temperatures, wetness/rain, wind, cold, etc.

The Industrial Mechanic is required to wear the proper PPE in case they come into contact with industrial chemicals, corrosives, oil and grease, dusts and irritants, metals, metal fumes or metal powders.

Other hazards include exposure to heights, noise, electrical hazards, slippery surfaces, industrial machinery/equipment and fire and hot surfaces.

The Industrial Mechanic in this role is required to work on a rotational "on call" work schedule, in addition to a regular scheduled work week. Overtime may be required when there are tight deadlines to be met.

**To apply for this position, please send an up-to-date resume and cover letter to [HR@eurocopter.ca](mailto:HR@eurocopter.ca)**
